

## ETM Media Converter

### FEATURES

- Advanced expanded beam technology
- Easy installation and mechanical resistance
- Small compact box
- Up to 2 kilometers over MM fiber or 50 kilometers over SM fiber
- Very high resistance to vibration, shock, environmental effects, dust, and debris

### DESCRIPTION

The X-BEAM TECH ETM Media Converter with expanded beam technology is a high-quality Ethernet media converter that provides reliable and robust communication in rugged environments, such as military tactical communications, avionics, offshore systems, outside broadcast, mining, plants, and other harsh environment applications.

### KEY FEATURES

<b>Fiber ports</b>	Expanded beam Connector (HXB)
<b>Electrical ports</b>	MIL-D-38999 (Power & Ethernet)
<b>Networking</b>	10/100 Base TX to 100 Base FX 10/100/1000BASE-TX to 1000BASE-X converter
<b>Chassis</b>	Aluminum
<b>Supply Voltage</b>	18~36V
